The Linea collection, a subtle and stylish touch. Table frames are crafted from aluminium for both in- and outdoor use. The Linea features lightweight and stackable table frames that functionally complement any corporate or event setting. With the universal frame connection, you can easily switch from table tops. But the table tops can also be mounted onto the various Linea frame heights without the need for screws or screwdrivers. The convenient screw system with threaded fastening ensures that the table top is securely attached in no time.

Handy screw system to exchange table tops: no screwdrivers required
