Mundi Party Barrel with an interchangeable tabletop of 220x100 cm. Lay the tabletop upside down on the floor and position the frames, ensuring that the screws are correctly aligned with the connectors. Turn the frames clockwise to fasten securely to the tabletop.

**Important:** Do not apply excessive force, as this may damage the thread. Once tightened, do not overtighten.

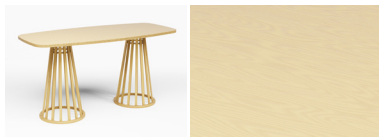

**Universal connect system:** same for the Linea and Alice collections.

### FEATURES

- **Interchangeable tabletop (220x100 cm) with universal connect system**  
Barrel shaped tabletop, easily interchangeable to match different styles, themes, or event concepts.
- **Universal connector system**  
Smart and reliable connector system allowing multiple tabletops to be securely mounted on the same frame. Same for the Linea and Alice collections.
- **Quick and easy assembly**  
The tabletop is placed on top of the frame and fastened using an intuitive screw connection — no tools required and no complicated setup.
- **Stable and robust frame**  
Designed for intensive use in event, hospitality, and conference environments, with a strong focus on stability and durability.
- **Stackable frame**  
Multiple frames can be stacked efficiently, ensuring space-saving storage and simplified logistics.
- **Efficient transport & storage**  
The separate tabletop and stackable frame allow for optimized transport and minimal storage space.
- **Design meets functionality**  
Combines a clean, professional appearance with maximum practical usability.
